

Waleed Brinjikji, MD

Assistant Medical Director

Dr. Waleed Brinjikji is an interventional neuroradiologist and professor of Neurosurgery and Radiology at Mayo Clinic in Rochester, Minnesota.

He completed his medical training at Mayo Clinic and the University of Toronto. An entrepreneur and inventor, he holds patents spanning stroke, spine, augmentation and cerebrospinal fluid disorders.

In his leadership roles in Business Development and Research Innovation, he focuses on empowering Mayo Clinic innovators, advancing employee entrepreneurship and accelerating promising early-stage ideas toward patient impact.

Our primary value

The needs
of the patient
come first
